

Cinema Fortissimo VMT

PUBLIC SPACES / HI-FI & HOME CINEMA / PROFESSIONAL AUDIO / WORKSPACES

Description

The thicker panel of the new Vicoustic's Cinema Family, Cinema Fortissimo VMT has a superb performance. It can be installed on the ceiling and corners acting as a broadband Bass Trap, with enhanced performance in the low region.

The Cinema line of products is available in 6 different finishes and, since it was developed with VMT technology, the panels have the possibility to be customized.

With the combination of the 3 Cinema panels - Cinema Piano VMT, Cinema Forte VMT and Cinema Fortissimo VMT - you can create several 3D surfaces, with endless creativity design options.

Furthermore, these panels are mostly made of recycled materials, in agreement with Vicoustic's sustainability compromise.
