

FLEXI SCREEN LITE

STUDIO Line

Ref. - V00120
 EAN13 - 5600217588336

Box - 20 x 30 x 40 cm
 Weight - 0.830 Kg
 Each panel - 20 x 30 x 40 cm
 Units per box - 1

FEATURES Flexi Screen Lite

Vicoustic's lightweight version of the popular Flexi Screen provides a portable, easy to assemble, microphone surround whose polyurethane structure is designed to give maximum absorption efficiency.

Flexi Screen Lite has a dual functionality, absorbing the singer's energy on the inside to give a less ambient sound, while at the same time, partially absorbing scattered room reflections on the outside. Flexi Screen Lite's acoustic foam structure has optimum density and thickness, using a series of cavities both to reinforce the absorption effect and add structural support to the joint mechanism.

Flexi Screen Lite is suitable for use with a range of microphones and can be adjusted either vertically or horizontally. The unit can be assembled in less than 15 seconds making it ideal for location-based recording venues, project studios and classrooms.

APPLICATIONS Flexi Screen Lite

Voice and instrument recording
