

VicTiles 3D MidMod PS WS

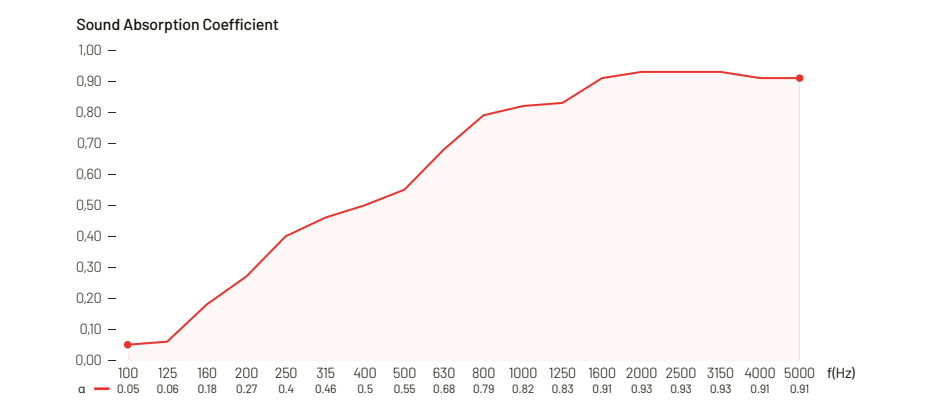

Vicoustic's product designers created the VicTiles 3D, a new line of solutions driven by the unique qualities of PET HD. VicTiles 3D consists of four identical acoustic tile shapes, engineered to be mixed and matched for endless design possibilities.

Inspired by the iconic mid-century design movement of the 1950s, MidMod pays homage to a style defined by clean lines, bold geometric patterns, organic curves, and a seamless integration of form and function.

This era emphasized simplicity, innovation, and the use of new materials – principles that align perfectly with the versatility and sustainability of PET HD.

Acoustic Performance

Technical Information

Dimensions: 297.5x297.5x38mm / 11.7"x11.7"x1.5" (LxHxW, per panel)

Raw Materials: High Density PET (non-fire rated)

Acoustic Properties: Medium and High Frequencies Absorption

NRC: 0.65

Installation/Accessories: Double-sided Adhesive Pad (included)

Packaging Information

Units per Box: 4 units/box; **Boxes Dimensions:** 620x620x45mm / 24.4"x24.4"x1.8";

Boxes Gross Weight: 2.4kg / 5.3lb

Vicoustic PET Panels (non-fire rated). Not suitable for applications requiring fire-resistant materials. This product is a removable decorative absorber panel and is not a building component. It is intended exclusively for interior use as a removable decorative element, without structural or permanent connection to walls and ceilings. It is not covered by the harmonized standards for construction products or the Construction Products Regulation (Regulation (EU) No 305/2011).

PET HD Colors

Features

- / Draw from the iconic mid-century design style of the 1950s
- / Balances functional acoustics with standout visual style
- / Made with up to 70% post-consumer recycled content
- / Fully recyclable at the end of their lifecycle

f(Hz)	Sound Absorption Coefficient (α)
100	0.05
125	0.06
160	0.18
200	0.27
250	0.40
315	0.46
400	0.50
500	0.55
630	0.68
800	0.79
1000	0.82
1250	0.83
1600	0.91
2000	0.93
2500	0.93
3150	0.93
4000	0.91
5000	0.91

Different product batches may show a color variation. Product dimensions of these panels have a tolerance of +/- 2mm. The product images used are illustrative and may differ from the actual product.
